**Plant Search**

Finding the plants you need has never been easier. Just type some or all of the plant's botanical or common name in the search box below.

**Examples:**

- Need a maple tree? Search for "acer".
- Need a specific Acer.rubrum, but all you remember is that the common name has "red" in it? Search for "acer rubrum red".
- Forget how to spell the plant name? You can enter any part of the name and we'll find it fast! You can search for Acer platanoides by searching for "acer plat".

Enter all or part of the plant name below:

Search:

Found 678 matches. You are now viewing records 1 through 50.

Botanical Name	Common Names	
Acer		Who carries this plant?

**Services**

You can't always do everything in-house. Sometimes, you need to bring in outside help to market your products, transport them to the buyers, insure them against Mother Nature, and sometimes even a few business management suggestions can be helpful. When it's time to look for services to help your business grow, check out the [PlantFind Services Directory](#).

**Start your "Request for Quote" Here.**

You choose the suppliers      We choose the suppliers for you (Fastest)      Automatically pick from your favorite suppliers

**How It Works**

Buyers can place a list of plants along with specifications and through the RFQ's sophisticated search capabilities and detailed industry databases they are instantly matched to a list of sellers with the material requested. Sellers are then given the opportunity to provide quotes on the materials with price and quantity. The buyers then select the quotes that best match their needs.

Give us your material      We Automatically send your request to      You Choose the best list      suppliers      bid

**Buyers**

**How do I buy through the Request for Quote (RFQ) System?**

- Select plant material for your next job.
- View and compare responses from multiple suppliers all online.
- You choose the suppliers, and finalize the details offline.

**Buyers Begin Here**

**Sellers**
